## Background

The textile industry has made tremendous strides with the adoption of modern technology, branding, and savvy marketing. In contrast, khadi has been unable to adapt to economic and technological advancements. As a result, the community-based production and marketing model, is neither able to gain market share nor substantially contribute to rural employment. Since the khadi artisans are dependent on the KI for various khadi activities, their enhancement of their earnings, empowerment and inclusion is linked directly with the wellbeing of the Khadi Institutions.

However, majority KIs need improved implements, better working conditions for artisans, skills for development of high-value products, and sales and marketing support. Therefore, strengthening of KIs is an integral part of the Khadi Reform Package. KVIC adopted the implementation of Comprehensive Reforms Plan which is extended as Direct Reform Assistance (DRA) to select existing khadi institutions (KIs) to emerge as self-reliant and organize Khadi Program on their own without the assistance from government.

### Key objectives of DRA:

- Enable KIs to be self-reliant and organize khadi programme on their own with limited or no financial assistance from government- Support involves provision of implements including new charkha, looms, CFC, working capital support, renovation of sales outlets, IT / MIS.
- Providing financial assistance to the extent of Rs.1.05 crore to each KI under Production and Marketing Reform for regular and Rs.76 lakhs for special category.

### Implementation Structure for DRA

The process followed for implementation of DRA:

The Field Level Execution Committee (FLEC) plays a key role in identification and approval of institutions eligible for DRA. Key activities of FLEC are as under:

- Scrutinize the proposal of the Reform Implementation Institution (RII) in consonance with the scheme guidelines and sanction received from Central Office. Based on the recommendation of FLEC, State/Divisional Director will arrange for release/utilization of fund for undertaking the KRDP activities.
- Finalize the Tender / Quotation for procurement of goods and services envisaged in the sanction memo which also includes finalization of the terms and conditions of Tender / Quotation for execution of the contract including payment terms
- Work Order/Purchase Order for execution of the work / procurement of goods shall be placed based on recommended by FLEC
- Monitoring and review of the activities carried out by RII at least once in a month.

**The composition of FLEC is under:**

1. State / Divisional Director
2. Representative of State Federation of KIs/Parent body of RIIs
3. CEO of State KVIB or his representative
4. SLBC Convener / Lead District Manager
5. Accountant of State/Divisional Office
6. Secretary/Chairman of RII Concerned
7. Assistant. Director/Accounts Officer or In-charge, RMU, State/Divisional Office

**Management Audit for selection of KIs under DRA**

As per original mandate under KRDP, 400 qualified Khadi Institutions was to be identified based on the management audit. Detailed guidelines for conducting audit and templates for compiling data of Khadi Institutions

were developed by the KVIC and consultants based on five parameters. These included Infrastructure, Financial Performance, Management and Human Resources, Marketing and Institutional Governance. Apart from this, for each of the parameters, risk areas were identified. The Audit Firms were expected to assess the risk areas objectively and report the same. The audit of KIs was conducted in three phases.

**Phase-wise selection of KIs through Management Audit**

Phases	Year	KIs identified	Audits conducted	KIs selected
<b>Phase I</b>	2011-12	76	74	38
<b>Phase II</b>	2012-13	103	72	29
<b>Phase III</b>	2014-15	190	125	23
<b>Phase IV &amp; V</b>	2015-17	410	375	310
<b>Total</b>		<b>679</b>	<b>646</b>	<b>400</b>

In total, Audits have been conducted for 646 KIs in five phases. Of these, MoUs have been signed with 400 KIs for implementation of DRA and utilization details have been provided for all 400 KIs. Funds of Rs.309.33 crores have been disbursed till October 2017.

Distribution of KIs identified, audited and selected is summarized in the table given below.

### Key activities undertaken under DRA

Direct Reform Assistance (DRA) is being extended to select existing Khadi institutions (KIs) to emerge as self-reliant and organize Khadi program on their own without the assistance from government. The initial lack of understanding and unclear issues regarding DRA have been resolved through trainings and consistent communication through State Offices. The DRA was implemented in phase-wise manner and during the Tranche 2, 80 KIs had started implementing the reforms plan. A total of 320 KIs were identified and sanctioned DRA to implement Comprehensive Reforms Plan during Tranche 3.

Intensive capacity building had been undertaken for the DRA KIs by KVIC and the consultants. Total 22 workshops have been conducted for representatives from KIs. Various developments are being undertaken by various Khadi Institutions towards production efficiency and sales and marketing with the DRA assistance. The implementation of reform activities have been initiated in all 400 KIs and the interventions are at various stages.

## Component-wise amount sanctioned under Comprehensive Reforms Plan

Component	Amount Sanctioned (in Rs. lakh)
Improved equipment's for Khadi production (including installation)	6233.34
Common Facility Centre	3704.95
Construction of Workshed	2059.95
IT & Managerial support	2685
Capacity building	1013.61
Marketing and Publicity (includes renovation of sales outlets)	9480.64
Working capital	5378.00

**1. Improved equipment's for Khadi production:** Charkha and looms manufacturers were empaneled through a process of competitive bidding. In accordance to the Bid Process, the Commission in its 617th meeting held on 30th September 2013, approved the four Khadi Institutions/Organization for empanelment with KVIC for supply of 8 spindle New Model Charkhas and New-model Looms. Subsequently 20 Charkha manufacturers were identified and approved. So far, funds have been sanctioned for procurement of 27532 charkhas and 5447 looms.

**Artisans working on implements procured under KRDP**

### **Findings from the field:**

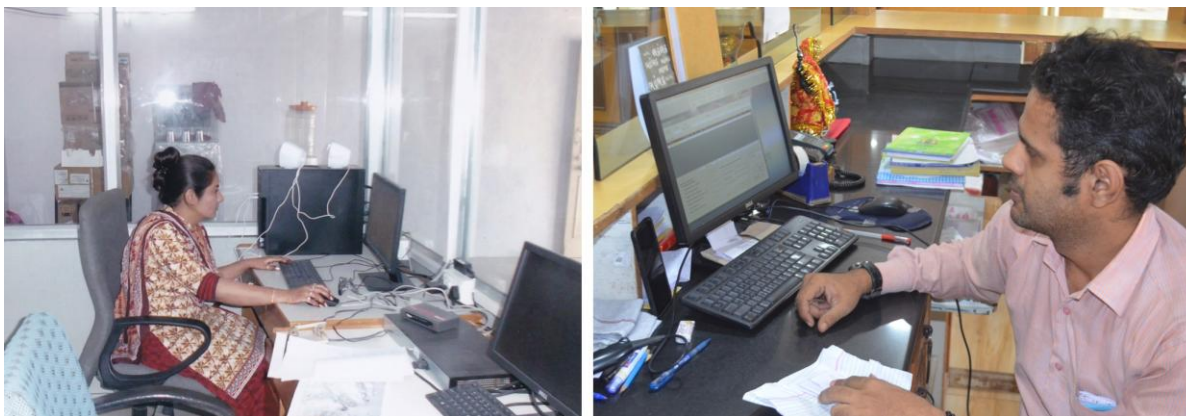

- Procurement of NMC has contributed to increased production efficiency by 25% to 400% in different regions. It has also contributed to increase in artisan income from 25% to 400% across zones. The motivation levels of the artisans have also improved since the time they have started working on the NMCs.
- Productivity in case of looms has also increased by almost 50%.
- The quality of raw materials and finished product has increased due to the improvement in pre-processing units, and charkhas and looms

**2. Construction of workshed:** Worksheds are being constructed or upgraded with support of local resources. 1 workshed has been provided to each KI. A total of 400 worksheds would be constructed.

### **Findings from the field:**

- Construction of work sheds has supported the artisans by providing them a common place to work. Working in a group, along with access to NMC and looms has helped in improving the efficiency of the artisans and they look forward to coming to work every day.

**3. IT and Management support:** A total sum of Rs. 26.85 Crores have been sanctioned for undertaking IT reforms and management support to facilitate the same. All 400 KIs have been covered for this component. Apart from supply of hardware (including desktop computers, multi-functional printers, barcode scanner and barcode printer), an integrated web-based MIS system is developed to support production and sales activities. A IT assistant has also been provided to each of the 400 KIs for support in IT related activities in the KI. Apart from the 400 KIs, KVIC has decided to extend the support of MIS to all the Registered with KVIC.

**KI staff using the KIMIS software and hardware provided under KRDP**

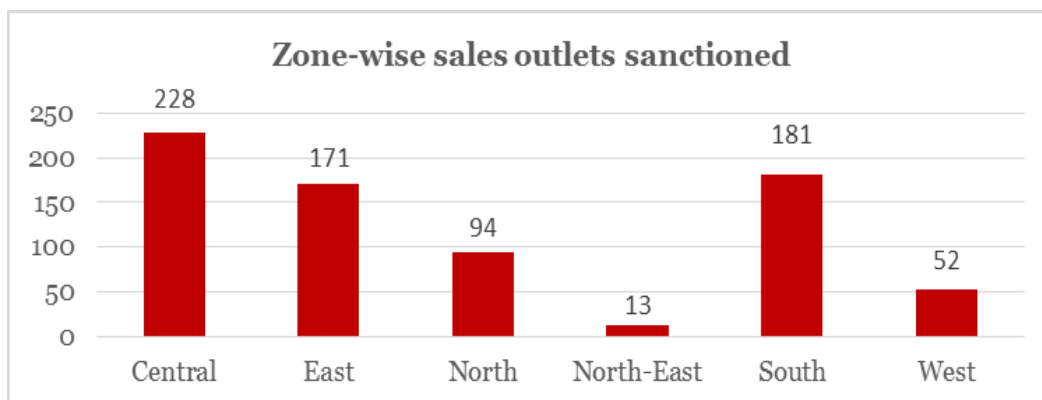

### **Findings from the field:**

- For those KIs who have initiated the implementation and are using all modules are finding it very beneficial as it helps in compiling data faster and in more efficient manner.
- The MIS also supports in decision making regarding production and sales, as KIs can produce goods based on demand indicated by trends in sales.

**4. Capacity building:** A total of Rs. 10.14 Crores have been sanctioned for training and capacity building support on DRA covering all 400 KIs.

Trainings for Master Trainers for spinners and weavers as well as trainings for spinners are conducted with an objective to support the artisans in transitioning to advanced NMC and looms from traditional charkhas and looms.

**5. Marketing, publicity and renovation of sales outlets:** A total of Rs. 94.80 Crores have been sanctioned for marketing and publicity support under DRA for all 400 KIs. DRA institutions are also implementing Khadi Mark as a part of Khadi Mark Regulation. A total of 739 sales outlets shall be renovated. On 2<sup>nd</sup> October, 2017 60 sales outlets renovated under KRDP were inaugurated online by Hon'ble Minister, MSME. Zone wise distribution of sales outlets sanctioned is as under

**Sales outlets renovated under KRDP in the first phase**

**6. Financial support:** A total sum of Rs. 53.78 Crores have been sanctioned for financial support. Working capital and inventory management are the two support areas under financial support.

### Key challenges in implementation of DRA

**i. Delayed implementation due to resistance in the initial phase and complex procedural requirements:** There has been a significant delay in the initiation of the DRA activities. The program gathered pace only in late 2016. This can be partly attributed to the initial resistance of KIs in embracing the reforms due to lack of understanding.

Further the number of eligible KIs also reduced due to a restriction on participation in other programs. Any KI considered for any other program such as SFURTI, could not take up KRDP and hence this lowered the population of eligible KIs. Further implementation of DRA was perceived as a tedious activity and therefore many of the KIs were not willing to participate in the reforms process.

**ii. Limited availability of working capital:** Availability of working capital has emerged as a major constraint. With increased production through NMC, higher working capital is required. Many of the KIs have spent their own money in addition to sanctioned under KRDP for renovation of sales outlet and hence their own capital has decreased.

**iii. Remote location of KIs:** KIs are widely dispersed with some of them located in very remote locations. These KIs have limited connectivity, making dissemination of information as well as that of reform package very difficult.

### Findings from the field:

- 2167 working KIs have already taken Khadi Mark certificate. Implementation of Khadi Mark was initiated slowly but picked up pace after continuous monitoring at State Office level. KIs have also made efforts to publicize the importance of Khadi Mark.
- The renovated sales outlets have contributed to increase in sales to the tune of 2 to 5 folds across various zones. The sales outlets are able to meet the requirements of the customers in terms of providing a better environment for shopping which has contributed towards the sale of high quality products; increase in footfall of younger generation and has also contributed to an Increase in sales of readymade garments. With the renovated sales outlets, the KIs have also enriched the product portfolio which has supported increase in sales.
