

# Success can overtake failure

Starting a business from the ground level can be at times challenging and stressful. But this 8th class pass out person, who has mastered the technology has set example for many to follow.

After coming to know about the PMEGP scheme of KVIC Shri Sreejan availed bank loan for the project cost of Rs.9.95 lakh from Union bank of India, Malipuram branch, Ernakulam to set up his enterprise M/s Guru Tech Engineering, Industry of metal components.

His hard work, and keen endeavor to set up a gainful enterprise paved the way of his success. Today, he is a well established businessman whose trade has started making money for him due to his untiring efforts. With the annual turnover of Rs 38.80 lakh the venture is also providing gainful employment to 10 persons.

“Failure will never overtake me if my determination to
