

PMEGP Engineered his Growth

S.S.C Pass out Shri B.Chandkumar established Jai Guru Sai Suguna Engineering works, a unit of manufacturing agricultural engineering equipments by availing bank loan of for the project cost Rs.10.00 lakh from Union bank of India under the PMEGP scheme of KVIC.

Five years down, this entrepreneur has maintained two principles as the cornerstones of this business, produce quality products and provide best services to the customers. Due to trust in these values the unit has been delivering quality products and selling to thousands of farmers and peasants. Within short span of time turnover of the unit has grown to Rs.42.00 lakh and has also generated employment for 12 people, who are bread winners of their families.

The enterprise has grown because people appreciate the honesty and integrity that goes with every piece of farm equipment sold, he says.

"We believe in constant innovation and up gradation
