

The onus rests on you

Smt. Saroj and her husband were in trading business of Nylon Rubber Stamp making. They also gained experience through the technical know-how from Sun Rubber Stamper Tieo, Japanese Company.

In spite of their unprecedented efforts, she could not set up her own enterprise, due to lack of finance. In the due course of time, she came to know about KVIC's PMEGP scheme, which gave her courage to contact Bank of India, Gandhi Nagar Branch to avail a bank loan of Rs. 24.50 lakh to establish her own trading unit M/s Balaji Stamper. Gradually, she provided employment to 15 persons and the annual turnover of the unit has doubled and reached to Rs. 45.00 lakh.

The self Ink Stamp of the unit is very popular in the Govt. departments, banks and other offices of the corporate sector. Value added quality of this stamp is that it can be used without stamp pad. This product is supplied in many cities like Mumbai, Chennai, Delhi, Lucknow, Jaipur etc. and efforts are going on to tie up with a Columbian Company for its export.

“One should set a target for himself and work
