Jam, Jelly is prepared to preserve fruits by using sugar and pectin either added from outside or which is with the fruits. One can prepare the product sitting in the house and can utilise their idle hours. It is a very productive activity and can give employment to any entrepreneurs in urban marketing as well as in the rural sector also.

Note:

1. All figures mentioned above are only indicative and may vary from place to place.
2. If the investment on Building is replaced by Rental Premises
   a. Total Cost of Project will be reduced.
   b. Profitability will be increased.
   c. Interest on C.E. will be reduced.
